## Notes to the Accounts for the year ended 31 March 2022

## 1 Accounting policies

## Basis of Preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

## Income and Expenditure

The charity's income is recognised when the charity has entitlement to the funds, it is probable that the income will be received and the amount of income received can be measured reliably. Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

## Tangible Fixed Assets

All tangible fixed assets are initially recorded at cost. The assets are not depreciated as the Trustees feel the value remains consistent.

### Investments

Listed investments are measured at fair value. Unlisted investments are measured at fair value unless the value cannot be measured reliably, in which case they are measured at cost less any accumulated impairment losses. Changes in fair value are included in the profit and loss account.

#### Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

## Taxation

The charity is exempt from tax on its charitable activities. Value Added Tax is not recoverable by the charity and as such is included in the relevant costs in the Statement of Financial Activities.
